

Sara E. Baumann, PhD, MPH

University of Pittsburgh
Graduate School of Public Health
Dept. of Behavioral and Community Health Sciences

130 De Soto St. | Pittsburgh, Pennsylvania | 15261
Office: 412-383-3536 | Cell: 231-883-5571
Email: sab269@pitt.edu

EDUCATION

- 2019 **Doctor of Philosophy (PhD) in Public Health**
University of Pittsburgh, Graduate School of Public Health, Department of Behavioral and Community Health Sciences, Pittsburgh, PA
Dissertation: A Visual, Community-engaged Exploration of Menstrual Practices and Motivations among Adolescent Girls in Far-West Nepal
Honors: Summa cum laude (4.0/4.0 Grade Point Average)
- 2018 **Summer Intensive Nepali Language Program**
Cornell University, Ithaca, NY, USA
- 2010 **Master of Public Health (MPH)**
BRAC University, James P. Grant School of Public Health, Dhaka, Bangladesh
Thesis: “It’s Not All about AIDS”: Perceptions of Illness, Health Seeking Behaviors and Barriers to Health Care among Hijra (Transgender) in Dhaka, Bangladesh
- 2008 **Bachelor of Arts (BA)**
University of Michigan, College of Literature, Science, and the Arts, Ann Arbor, MI
Major: Sociology of Health and Aging
Minor: Peace and Social Justice
Study Abroad: Florence, Italy

COMPETITIVE FELLOWSHIPS

- 2018-2019 **Boren Fellow to Nepal**
Awarded \$20,000 in funding for intensive Nepali language studies and doctoral dissertation research on women’s reproductive health behavior change and policy
- 2008-2009 **Fulbright Fellow to Bangladesh**
Awarded \$22,000 in funding for intensive Bengali language studies, and health communications and transgender health research with UNAIDS in Bangladesh

ACADEMIC APPOINTMENTS

- 07/2021- **Assistant Professor**
University of Pittsburgh, Graduate School of Public Health
Department of Behavioral and Community Health Sciences

GLOBAL COMMUNITY HEALTH RESEARCH EXPERIENCE

- 09/2019-06/2021 **Postdoctoral Associate**
University of Pittsburgh, Graduate School of Public Health, Department of Behavioral and Community Health Sciences, Pittsburgh, PA
- Conducted mixed methods and community-engaged research on global health, women’s reproductive health, and mental health
 - Principal investigator of global mental health study in Nepal that utilizes innovative community-engaged visual methods including interviews, photography, and creative data visualization techniques

- Co-investigator of a UNICEF-funded mixed method study using concept mapping and quantitative surveys to develop a Nepal-specific measurement scale addressing empowerment among adolescent girls
- Co-investigator of a Collaborative Filmmaking study exploring mental health stressors and supports among youth in Pittsburgh
- Supervised student researchers on eight research studies (qualitative and quantitative) exploring sexual and reproductive health, mental health, menstrual health policy, and disaster risk reduction in global settings

07/2019-09/2019

Monitoring, Evaluation and Learning Specialist

Winrock International, Bangkok, Thailand

- Developed and revised program indicators for United States Agency for International Development (USAID) 5-year Counter Human Trafficking in Persons Project in partnership with Chief of Party that are both feasible and useful for measuring impact
- Improved monitoring and evaluation plan, performance indicator reference sheet (PIRS) and targets based on baseline study design, strategic discussions with implementing partners, and Winrock home office staff

03/2019-04/2019

Research Consultant

The United Nations Entity for Gender Equality and the Empowerment of Women (UN Women), UN Population Fund (UNFPA) and UN Resident Coordinator's Office (UNRCO), Kathmandu, Nepal

- Designed, developed, and implemented a comprehensive literature review study on harmful practices in Nepal, including caste-based discrimination, menstrual restrictions, child marriage, dowry, and witchcraft accusation and persecution
- Reviewed and analyzed over 200 research articles to generate a foundation of evidence of current findings on harmful practices in Nepal, wrote Nepal Harmful Practices Glossary of 16 key terms and concepts, and presented findings to 25 UN experts working on harmful practices in Nepal

12/2018-

Research Study Technical Advisor

Dignity without Danger Research Study, Liverpool John Moores University and The British Academy, Kathmandu, Nepal

- Serve as visual research methods technical advisor for study addressing menstrual stigma and taboos in Nepal
- Led training in Kanchanpur, far-west Nepal, on Collaborative Filmmaking method for exploring menstrual practices among mothers and provide technical support for Collaborative Filmmaking component of the study

03/2017-09/2018

Research Consultant

SisterFriend, Pittsburgh, PA

- Designed focus group research study titled: Exploring Student Perspectives for a Menstrual Health Closet Intervention in Pittsburgh Public Schools
- Provided technical input on the pitch of a Menstrual Health Closet Intervention to Pittsburgh Public Schools
- Conceptualized, produced, and directed short film highlighting SisterFriend programs, and worked closely with the Executive Director to organize a premiere of the film to over 100 attendees, including a city council member

08/2016-

Visiting Scientist

Nepal Fertility Care Center (NFCC), Kathmandu, Nepal

- Conceptualized, designed, secured funding, trained research assistants, and led two qualitative research studies on menstrual health in far-west Nepal as Principal Investigator
- Analyzed three quantitative data sets collected by NFCC

- Supported NFCC by providing ethics and research method trainings for staff
- Facilitated the development of an MPH practicum placement at NFCC in collaboration with the Center for Global Health, University of Pittsburgh

08/2016-05/2018

Graduate Student Researcher/Teaching Assistant

University of Pittsburgh, Graduate School of Public Health, Department of Behavioral and Community Health Sciences (BCHS), Pittsburgh, PA

- Established MoU with NFCC to support research on women's reproductive health in Nepal and enhance the department's global community health research partnerships
- Supported four faculty members in BCHS on health equity and community-engaged research studies, projects, and teaching
- Co-authored National Institute on Minority Health and Health Disparities (NIMHD) book chapter on health disparities, and published two manuscripts, trends in health disparities in Allegheny County, and community-engaged classrooms for health communications
- Served as a teaching assistant for two Master of Public Health courses: Health Communications (3 semesters – 20 students each) and Social and Behavioral Sciences in Public Health (1 semester – 40 students)
- Designed innovative research dissemination approaches and student recruitment tools through the production of three short films and social media engagement

10/2010-05/2011

Consultant

Maternal and Child Health Integrated Program of USAID, Washington, DC

- Conducted secondary research on child health in 30 developing countries for a series of online child health profiles
- Coordinated data collection with global teams based in USAID program countries, and wrote concise and coherent child health profiles

02-06/2010

Consultant

Helen Keller International, Dhaka, Bangladesh

- Designed and conducted qualitative research study on gender differences within a public health nutrition and agriculture project
- Wrote Bangladesh country office annual report by coordinating with members of each strategic department and writing country office updates for each program area

02-04/2010

Consultant

Save the Children, Dhaka, Bangladesh

- Supported the design and implementation of a monitoring and evaluation study of livelihood and emergency response program and wrote final report under supervision of senior consultant
- Collected data through key informant interviews, focus group discussions, and community meetings in rural Bangladesh

GLOBAL PUBLIC HEALTH PROGRAM EXPERIENCE

11/2014-05/2016

School Meals Program Officer and Earthquake Response Information Manager

UN World Food Programme, Kathmandu, Nepal

- Managed nutrition, water, sanitation and hygiene (WASH), and school construction activities of the United States Department of Agriculture (USDA) funded School Meals Program in 10 districts
- Supervised three non-governmental organization (NGO) implementing partners by reviewing budget proposals and proposed program activities, providing strategic inputs on monitoring and evaluation data for quality assurance, regular

field visits to remote villages to Nepal to observe program implementation, and supported with clearly and effectively communicating program progress to donor

- Engaged regularly with relevant government ministries and development partners, and provided technical support in national education and nutrition forums, such as critiquing WASH studies and policy documents generated by the Department and Ministry of Education, such as the National WASH in Schools Guideline
- Developed technical proposal for and supervised a three-year nutrition-sensitive literacy pilot aimed to enhance literacy through innovative nutrition curriculum, and provided technical support for curriculum development
- Coordinated food distribution data for over 100 partners, including the Government of Nepal, and fulfilled reporting requirements of the United Nations Office for the Coordination of Humanitarian Affairs as the information manager of the Food Security Cluster for the first 1.5 months of the earthquake emergency response in Nepal

06/2012-

Consultant

Asian Disaster Preparedness Center, Bangkok, Thailand

- Provide support to Asia-Pacific country projects through comprehensive technical editing of training materials, grant proposals, and reports on themes of climate change, disaster risk reduction, and public health
- Designed, collected data, analyzed, and wrote final report for the process evaluation of an internally displaced persons (IDP) crisis project in Ethiopia, which embraced community-engaged and innovative human-centered design tools
- Developed concept and supported facilitation of design components for strategic knowledge sharing materials for the Asian Preparedness Partnership in six countries, including the establishment of a new communications/design partnership

03/2012

Consultant

Winrock International, Dhaka, Bangladesh

- Edited case studies and report on human trafficking experiences to raise awareness for a USAID-funded justice and reintegration project

2007-2009

Project Director and Co-founder

The Thread Project, Chennai, India

- Founded development project that provided equipment and entrepreneurial skills to women tailors in Chennai, India
- Recruited over 20 donors and managed budget and project implementation

INTERNATIONAL MEDIA AND STRATEGIC COMMUNICATIONS EXPERIENCE

12/2013-06/2014

Consultant and Filmmaker

United Nations International Strategy for Disaster Risk Reduction (UNISDR), Bangkok, Thailand

- Worked as lead editor for technical background research study document for the 6th Asian Ministerial Conference on Disaster Risk Reduction (AMCDRR)
- Produced, wrote, shot, and edited two short documentary films with more than ten stakeholders for the 6th AMCDRR, for an audience of over 2,000 experts in the field

09/2012-09/2013

Television and Print Media Producer for Asia-Pacific Region

Grey Worldwide, Kuala Lumpur, Malaysia

- Produced regional print, television and digital campaigns for Pantene (Procter and Gamble) Regional Office for eight countries throughout the Asia-Pacific region
- Managed six-figure project budgets and ensured they were carried out efficiently with available resources, with respect to timelines and marketing goals
- Supervised media/film/photography projects by working with different strategic departments such as coordinating with the creative team, budgeting and meeting finance goals, managing client vision and requirements, negotiating with suppliers and maintaining strong supplier relationships

10/2010-

Founder, Film Producer and Director

Old Fan Films, USA

- Implement public health research and behavior change communication to design strategic messages promoting social justice and development for organizations such as Save the Children/PEPSICO, United Nations, World Food Programme, RESULTS Educational Fund, Smithsonian Institution, BRAC, ABC News, Spanish Embassy Bangladesh, University of Pittsburgh, and more
- Produced over 30 short films and conducted communication/media research for development projects in USA, Bangladesh, Thailand, Malaysia, Sri Lanka, Czech Republic, and Nepal to date
- Proficient in editing with Final Cut Pro and Adobe Premiere, camera operation (5D Mark series), script writing, directing, producing, and film promotion

02/2011-01/2012

Filmmaker, Media and Production Strategist

Bengal Creative Media, Dhaka, Bangladesh

- Wrote, directed and edited NGO, international development, and promotional films for donors and public
- Designed and implemented TV programming research study in Bangladesh, facilitated focus group discussions, and wrote funding and grant proposals for designing educational and awareness raising TV programs

For a complete list of media productions see page 18.

Baumann, S. (2014). *Managing Menstruation in Bangladesh.* Film presented at the Water, Hygiene & Sanitation Conference, Brisbane.

Baumann, S. (2013). *Managing Menstruation in Bangladesh.* Film featured in opening exhibition of Imagining Equity campaign. Global Fund for Women & International Museum of Women. <http://imaginingequality.globalfundforwomen.org>

Film featured in: Mahon, T., & Cavill, S. (2012). *Menstrual Hygiene Matters: Training Guide for Practitioners*

INVENTIONS

2019 **Collaborative Filmmaking – A Participatory, Visual Research Method (University of Pittsburgh Invention Disclosure No. 05043)**

- Collaborative Filmmaking is a visual, participatory research method in which participants are trained to create, analyze and screen their own films as a response to a research question. www.collaborativefilmmaking.org

RESEARCH GRANTS AND FELLOWSHIPS

Grants in Review

2021 **National Endowment for the Arts**

- “Pitt Arts + Health Research Lab: Harnessing the power of art for research, engagement, and action to promote health.” Amount: \$150,000.

2020 **Oak Foundation**

- “Harnessing the Power of Collaborative Filmmaking to Build Women-led Movements for Equity and Reductions in Forms of Violence Against Women.” Amount: \$175,000.

2020 **Ford Foundation**

- “Menstrual Taboos, Social Justice and Empowering Women: Harnessing the Power of Collaborative Filmmaking.” Amount: \$225,000.

Awarded Grants and Fellowships

2021 **McElhattan Foundation**

- “End-Of-Life and Grief Experiences Among Families: Harnessing the Power of Participatory and Visual Research.” Amount: \$175,000.
- Co-Principal Investigator with Jessica Burke (Pitt) in partnership with the Pediatric Palliative Care Coalition (community partner).
- Study aims to investigate end of life care and bereavement experiences among parents who have lost a child due to life limiting illness using Collaborative Filmmaking method.

2020 **Year of Creativity Grant, University of Pittsburgh**

- “Visualizing Mental Health through the Lens of Pittsburgh Youth.” Amount: \$4,700.

- Co-Principal Investigator with Jessica Burke (Pitt) in partnership with Jewish Healthcare Foundation (community partner).
 - Study aims to investigate mental stressors and supports among Pittsburgh youth using the Collaborative Filmmaking method.
- 2019-2020 **Asian Studies Center, University of Pittsburgh**
- “Creating a way forward: Investigating the role of community art on mental health outcomes in the aftermath of the 2015 earthquakes in Nepal.” Amount: \$2,000.
 - Co-Principal Investigator with Jessica Burke (Pitt) in partnership with Image Ark (community partner).
 - Study aims to investigate the relationship between community arts and mental health outcomes in post-disaster context of Nepal using qualitative and visual methods.
- 2019-2020 **United Nations Children’s Fund (UNICEF) Regional Office for South Asia**
- “Documenting Empowerment Outcomes among Adolescent Girls who have Undertaken ‘Rupantaran’ Social and Financial Skills Package in three districts of Nepal.” Amount: \$42,000.
 - Co-Principal Investigator with Jessica Burke (Pitt), in partnership with the Nepal Fertility Care Center (community partner).
 - Study aims to develop a context-specific scale to measure empowerment among youth in Nepal and pilot the scale in a case-control study utilizing a mixed method approach with concept mapping and quantitative methods.
- 2019-2020 **Jewish Healthcare Foundation, USA**
- “Visualizing Mental Health through the Lens of Pittsburgh Youth (USA).” Amount: \$10,000.
 - Co-Principal Investigator with Jessica Burke (Pitt) in partnership with Jewish Healthcare Foundation (community partner).
 - Study aims to investigate mental stressors and supports among Pittsburgh youth using the Collaborative Filmmaking method.
- 2019-2020 **Hewlett Fund, University of Pittsburgh**
- “Exploring Community Art and Mental Health in the Aftermath of the 2015 Earthquakes in Nepal.” Amount: \$3,500.
 - Co-Principal Investigator with Jessica Burke (Pitt) in partnership with Image Ark (community partner).
 - Study aims to investigate the relationship between community arts and mental health outcomes in post-disaster context of Nepal using qualitative and visual methods.
- 2019 **Silverman Award, University of Pittsburgh**
- “Exploring menstrual seclusion criminalization policy in Nepal.” Amount: \$500.
 - Principal investigator in partnership with Nepal Fertility Care Center (community partner).
 - Study aimed to investigate knowledge of and intentions to change behaviors as a result of the new *chhaupadi* (menstrual seclusion) criminalization code in Nepal using qualitative methods.
- 2018 **Indo-Pacific Graduate Student Research Grant, University of Pittsburgh**
- “Exploring menstrual seclusion criminalization policy in Nepal.” Amount: \$1,000.
 - Principal investigator in partnership with Nepal Fertility Care Center (community partner).
 - Study aimed to investigate knowledge of and intentions to change behaviors as a result of the new *chhaupadi* (menstrual seclusion) criminalization code in Nepal using qualitative methods.

- 2018 **International Studies Fund, University of Pittsburgh**
- “Exploring menstrual seclusion criminalization policy in Nepal.” Amount: \$1,000.
 - Principal investigator in partnership with Nepal Fertility Care Center (community partner).
 - Study aimed to investigate knowledge of and intentions to change behaviors as a result of the new *chhaupadi* (menstrual seclusion) criminalization code in Nepal using qualitative methods.
- 2017 **Nationality Rooms Scholarship, University of Pittsburgh**
- “Collaborative Filmmaking pilot study on women’s health in Nepal.” Amount: \$4,000.
 - Principal investigator in partnership with Nepal Fertility Care Center (community partner).
 - Study aimed to investigate menstrual practices and motivations among youth in Nepal utilizing the Collaborative Filmmaking method.
- 2017 **Cutler Family Fund for Ethical Global Health Research and Education & University of Pittsburgh Graduate School of Public Health**
- “Collaborative Filmmaking pilot study on women’s health in Nepal.” Amount: \$5,000.
 - Principal investigator in partnership with Nepal Fertility Care Center (community partner).
 - Study aimed to investigate menstrual practices and motivations among youth in Nepal utilizing the Collaborative Filmmaking method.
- 2017 **Indo-Pacific Graduate Student Research Grant, University of Pittsburgh**
- “Collaborative Filmmaking pilot study on women’s health in Nepal.” Amount: \$1,000.
 - Principal investigator in partnership with Nepal Fertility Care Center (community partner).
 - Study aimed to investigate menstrual practices and motivations among youth in Nepal utilizing the Collaborative Filmmaking method.
- 2017 **International Studies Fund, University of Pittsburgh**
- “Collaborative Filmmaking pilot study on women’s health in Nepal.” Amount: \$1,000.
 - Principal investigator in partnership with Nepal Fertility Care Center (community partner).
 - Study aimed to investigate menstrual practices and motivations among youth in Nepal utilizing the Collaborative Filmmaking method.
- 2007-2008 **GROCS Informational Studies Competitive Fellowship, University of Michigan**
- “Talking-Points, an urban navigation system for the visually impaired.” Amount: \$2,500.
 - Social science investigator with team of five information studies students.
 - Study aimed to assess the feasibility of “Talking-Points” a new technology to support visually impaired persons with navigation using qualitative methods.
- 2007-2008 **The Lotus Odyssey Research Initiative, University of Michigan Center for South Asian Studies, Anthropology Department, International Institute, Center for Education of Women, Residential College**
- “Exploring women’s health in a woman’s economic cooperative in North India.” Amount: \$15,000.
 - Social science investigator with team of three students.
 - Study aimed to investigate the role of a women’s economic cooperative on health outcomes and access to health care in North India using qualitative methods.

- 05-07/2007 **Center for South Asian Studies Research Fellowship, Chennai India, University of Michigan**
- “Peer-influence among Female Sex Workers in Chennai, India.” Amount: \$4,000.
 - Principal investigator in partnership with the YRG CARE Center (community partner).
Study aimed to investigate the role of peer influence on decision making of female community sex workers in Chennai, India.

AWARDS AND HONORS

Research and Scholarship Awards and Honors
